REMARKS

These remarks are made in response to the office action mailed March 24, 2006. Claims 35-52 were allowed. Claims 2-3, 16, 23, 28-29 were indicated to be allowable if made independent and these claims have now been amended to achieve this result.

The remaining dependent claims have been made dependent on the allowed claims. A new claim 53 has been added and its examination is respectfully requested. The language of this claim is identical to claim 8, except that it depends on claim 23, which is not subject to a prior art rejection. It should therefore be allowable for at least the reason that it depends on an allowable claim.

As requested in the Office Action, the amendments to the claims also correct a numbering error. May of the claims listed as "(Currently amended)" are therefore only amended to achieve renumbering.

This application should now be in condition for allowance, and such action is respectfully requested. Should further questions arise concerning this application, patent office personnel are invited to call Applicants' representative at the number listed below. The Commissioner is hereby authorized to charge any additional fees that may be required, or credit any overpayment, to Deposit Account No. 50-0750.

Respectfully submitted,
